DEPARTMENT REVIEW – PASSED LEGISLATION

BLUE SHEET

Blue Sheets are a department's final bill analysis and provides the Commissioner an opportunity to weigh in on legislation that has passed, with a recommendation to the Governor on action that may be taken– to enact the bill, to veto the bill, or to allow the bill to become Law without signature (LWOS). Much of the information requested in the Blue Sheet can be taken from the department's bill analyses (BA), which were initially submitted at the time the bill was introduced and updated throughout the legislative process.

Blue sheets are due to the GLO three days after the enrolled bill appears on basis, or sooner by request.

Department: DMVA

Date: 5/8/2026

Bill Number: SB 192

Short Title (as it appears on BASIS): Evacuation Designation Levels

What action do you recommend the Governor take?

Select one.

☒ SIGN ☐ VETO ☒ LWOS

Action Justification – Why do you recommend the above action?

Please be specific.

The Department of Military and Veterans Affairs supports the passage of the legislation to create a statewide designation for evacuation levels that utilizes the national standardized program called “Ready, Set, Go.” Having a statewide standard where all entities creating emergency preparedness and evacuation plans utilize the same language and designations helps Alaskan citizens know what to do in an emergency and streamline communications between agencies and community partners to eliminate the potential for confusion.

What does this Bill do?

In addition to providing a succinct bill summary, please also consider the following: Why is this bill needed? How does it specifically change department programs? What is the anticipated impact on the public, the private sector? Does this bill align with the priorities of Governor Dunleavy?

This bill establishes a statewide evacuation designation within the Alaska Disaster Act. The Ready, Set, Go evacuation designation is widely utilized across the nation and is the standard for evacuation designation in emergency management.

Implementing a statewide requirement to utilize these designation levels will ensure continuity from community to community in disaster situations requiring evacuation from areas.

Detailed Sectional Analysis

The full sectional analysis of the bill should be completed by the lead agency. Other departments should include an analysis for sections of the bill affecting their agencies.

(DMVA) Section 1. Amends AS 26.20.100 by adding a new subsection to the Alaska Disaster Act requiring plans and regulations formulated under this section to adopt the Ready Set Go evacuation designation levels for use in evacuation maps and public messaging during a disaster/emergency event.

There are a variety of agencies who have primary responsibility for response depending on the type or emergency or disaster taking place who follow a variety of ways to handle evacuations. This language creates a statewide standard across agencies to utilize during disaster or emergency events for evacuations.

(DMVA) Section 2. Amends AS 26.23.060(e) by amending the section to include if a disaster emergency plan includes an evacuation plan, the plan must use the designations set out in AS 26.20.100(b).

(DMVA) Section 3. Amends AS 26.23.075(a) by amending the section to reference evacuation plans using the designations set out in AS 26.20.100(b) and include provisions for precautionary evacuation and alternative traffic routes.
