

State of Alaska – Office of the Governor — 34th Alaska State Legislature – Second Session
DEPARTMENT REVIEW – PASSED LEGISLATION

BLUE SHEET

Blue Sheets are a department's final bill analysis and provides the Commissioner an opportunity to weigh in on legislation that has passed, with a recommendation to the Governor on action that may be taken– to enact the bill, to veto the bill, or to allow the bill to become Law without signature (LWOS). Much of the information requested in the Blue Sheet can be taken from the department's bill analyses (BA), which were initially submitted at the time the bill was introduced and updated throughout the legislative process.

Blue sheets are due to the GLO three days after the enrolled bill appears on basis, or sooner by request.

Department: DCCED

Date: 5/12/2026

Bill Number: SB 63

Short Title (as it appears on BASIS): An Act relating to the Local Boundary Commission; and providing for an effective date.

What action do you recommend the Governor take?

Select one.

☐ SIGN ☒ VETO ☐ LWOS

Action Justification – Why do you recommend the above action?

The bill is unnecessary and disruptive to the work of the LBC. There are three material defects to the bill.

1. It removes the Governors' ability to select the chair to lead the commission on matters of statewide interest and importance.
2. It creates a 6-member board that is not effective in conducting business, especially on issues that can be controversial, emotional and of such statewide importance and impact.
3. It creates the only special interest seat (Unorganized Borough) on the commission as the other seats are selected from the four Judicial Districts. These districts cover the entire state, including the Unorganized Borough. The even number board membership increases the possibility of tie votes and injecting additional uncertainty into the LBC process. Current statute is and needs to be changed:
 - a. **AS 44.33.820 Quorum:** Three members of the commission constitute a quorum for the conduct of business at a meeting. Two members constitute a quorum for the conduct of business at a hearing.
 - b. Additionally, the LBC is to act in the best interest of the state and having a special interest seat is contrary to that mission.

4. The current LBC chair submitted public comment (attached) to identify the main “Principles” of the LBC. While verbally allowed to present his concerns, no specific questions or amendments we heard in committees.
5. DCRA staff attended all hearing of the bill and were asked only procedural questions such as if the LBC meet only virtually, which they as much as possible although when a petition is submitted they are required to meet in the geographic area of the petition. \$10,000 for the additional member to travel.
6. Attached four public comment documents.

What does this Bill do?

In addition to providing a succinct bill summary, please also consider the following: Why is this bill needed? How does it specifically change department programs? What is the anticipated impact on the public, the private sector? Does this bill align with the priorities of Governor Dunleavy?

This bill adds a sixth seat to the Local Boundary Commission, specifically one from the unorganized borough. It removes the ability of the Governor to select the chair and allows the commission to elect its own chair. The bill will add an additional financial burden to the division and reallocating resources from other divisional programs and mission.

Detailed Sectional Analysis

Section 1 adds a commissioner from the unorganized borough to the Local Boundary Commission, changes commissioner terms from five years to six years, and requires that members from each judicial district maintain a principal place of abode and be registered to vote in a precinct in that district.

Section 2 provides a transition after the effective date and does not affect terms of the members appointed before the effective date.

Section 3 provides an effective date of January 31, 2026.

Companion or Similar Bills

None.

Support/Opposition of the Bill

The Local Boundary Commissioners are opposed to this bill and adopted a statement in 2024. Kaitlyn Conway, the Intergovernmental Affairs Manager with the Alaska Municipal League submitted a statement in opposition to the bill. The chair of the LBC submitted two documents opposing the bill. Individual Susan Allmeroth from Two Rivers also sent comment opposing the bill.

Bill Signing ceremony suggestions (if applicable)

Please provide information for consideration for a bill signing ceremony. Information that is
