DEPARTMENT REVIEW – PASSED LEGISLATION

BLUE SHEET

Blue Sheets are a department's final bill analysis and provides the Commissioner an opportunity to weigh in on legislation that has passed, with a recommendation to the Governor on action that may be taken– to enact the bill, to veto the bill, or to allow the bill to become Law without signature (LWOS). Much of the information requested in the Blue Sheet can be taken from the department's bill analyses (BA), which were initially submitted at the time the bill was introduced and updated throughout the legislative process.

Blue sheets are due to the GLO three days after the enrolled bill appears on basis, or sooner by request.

Short Title (as it appears on BASIS): Barbers & Hairdressers Bd Licensing

What action do you recommend the Governor take?

☐ SIGN ☐ VETO ☒ LWOS

Action Justification – Why do you recommend the above action?

Please be specific.

This board has delegated license issuance to the division for over a decade, but it was recently identified they do not have the statutory authority to do so. If this responsibility were to return to the Board of Barbers & Hairdressers (“board”) and they had to approve every application (like other boards without executive administrators do), we expect a bottleneck at best and potentially a complete stop in issuing licenses within this industry based on historical participation by this board in combination with the large volume of licensees. Additionally, we believe this change will further the Administration's and department's goal of seeing this board terminated/sunset. This bill is necessary to preserve functional licensing for these industries (which include barbers, hairdressers, tattooers, permanent cosmetic colorists, body piercers, manicurists, estheticians, school and shop owners, and instructors.

What does this Bill do?

In addition to providing a succinct bill summary, please also consider the following: Why is this bill needed? How does it specifically change department programs? What is the anticipated impact on the public, the private sector? Does this bill align with the priorities of Governor Dunleavy?

Requires the board to authorize the department to issue licenses and permits. The board retains the authority to refuse to issue a license or permit, so any licenses that need to be denied (as

Bill Signing ceremony suggestions (if applicable)

Please provide information for consideration for a bill signing ceremony. Information that is helpful includes: a specific conference, event, venue, date, and the names and contact information of stakeholders who should be considered for an invitation to the bill signing ceremony.

A ceremony may not be necessary (or make much sense to anyone outside of the board) considering this is just adding a statutory change to ensure what’s already been happening for years can continue. The board is meeting virtually only at this time per AO 358, so there are no
